fazskhan@aol.com or 216.288.0951**

Program Details On Reverse Side

What happens when we die?

This question has been pondered over by man from time immemorial. Religions of the world have provided answers to this question; answers which, in turn, define man’s purpose and objective in this life.

Our keynote speaker, Dr. Noman Malik, who frequently lectures on various topics on Islam in several countries, will address this issue from an Islamic perspective.

Come join us for an evening of learning and sharing, and enjoy a complimentary dinner with us, catered by Embassy Suites. We’d be honored to have you as our guest. Please RSVP by July 1, 2010.
